Proudly serving Booneville
and Prentiss County for the
last 10 years and into the future!

ABOUT THE COVER

*Artist's rendering of the Historic Downtown Depot
graces the cover of this year's*

Booneville Area Chamber of Commerce Membership Directory

The cover of the 2005 Membership Directory of the Booneville Area Chamber of Commerce is very significant. Not only is the picture gracing the cover a beautiful rendering of the Historic Downtown Depot, but it is also the same picture that is on the cover of special note cards that are now being sold as a fundraiser for the BACC.

This fundraiser is already very popular with local citizens as well as with people from other areas. The artist responsible for the drawing of the depot, Michael Johnson, brought his drawing to the BACC and there are plans for different note cards each year featuring Johnson's artistry.

The note cards come 10 to a package with envelopes and are available for \$10 at the BACC office and at several other businesses in Booneville. A second printing of the note cards has already been ordered and the BACC hopes that this will continue to be a great fundraiser for their organization.

The Booneville Area Chamber of Commerce strives to help make Booneville and Prentiss County a better place to live, work, raise and family and retire. Two of the many ways we do these things are with the preservation of our community's wonderful buildings like the Historic Downtown Depot and with fundraisers that benefit the BACC and the Booneville/Prentiss County community as a whole. We hope to continue this and all aspects of our mission throughout 2005 and beyond!
