

# Rockin' Reader

September 8, 2009

From Ms. Dismuke...

I hope everyone had a wonderful Labor Day holiday. Please remember that we will be having an early release day on September 17. If you have not scheduled a conference with me but would like to do so, please contact me by email as soon as possible. We began a new chapter in Science last week. In chapter 5, we will be covering cells and organisms. The first test will be over Chapter 5, lesson 1 only! This chapter will be much more difficult than the last chapter, so please help your student keep on top of the information. It will be very important that your student study this material often as opposed to only before a test or quiz. Students made flash cards this week to help them study the different structures within a cell as well as their functions. Your child should be studying these flashcards frequently. They will be having a quiz over cell structures next week.

Student should continue to complete their spelling contracts. All three activities are due on Fridays. This week, we are only asking for two activities.

## Important Dates:

- September 12 -UGA's First Home Game GO DOGS! :)
- September 17 -Early Release Day
- September 21-28 -ITBS Testing
