- Time per session: 1 hour
- Intensive treatment: Minimum of 6 sessions, two per week
- Maintenance: 1 or 2 monthly sessions

REQUIRED PRODUCTS

VITAL LINE MAKE-UP REMOVER GEL FOR EYES AND LIPS

It offers in-depth cleansing without leaving a greasy residue and removing waterproof products. Indicated for sensitive eyes.

AQUA MOUSSE

It provides in-depth cleansing and toning

ENZYMATIC PEELING

It removes dead cells and impurities, stimulates cellular renewal and prepares skin facilitating the penetration of subsequent active components

EAU VERT

It decongests and soothes skin

B-RETINOL

It has antioxidant properties. It moisturises and regenerates skin, and prevents flaccidity

Q10 RETINOL CREAM

It moisturises, protects and tautens skin. It reduces wrinkles and expression signs

ALOE VERA MASK + ACTIVE ALOE VERA

It moisturises, regenerates, remineralises, soothes, tones and tautens skin.

NEW EVEN 50-30 CONCENTRATE

It prevents wrinkles and improves active agent penetration

It has renovating and oxygenating properties

STEP BY STEP

1 CLEANSING AND TONING

Apply the VITAL LINE MAKE-UP REMOVER GEL FOR EYES AND LIPS using cotton buds or pads and performing circular motions. Remove with water.
Apply one pulsation of AQUA MOUSSE on the palm of your hand and spread all over the face, neck and chest. Work on it until make-up traces or impurities are eliminated. Remove with water.

2 EXFOLIATION

Sensitive skin:

Mix two measures of ENZYMATIC PEELING with EAU VERT lotion until a fluid mix is produced that enables application using a brush. Spread it and leave to rest for 10 mins. Remove with water.

Apply the EAU VERT lotion to enhance product removal.

Normal skin:

Apply NEW EVEN 50/30 CONCENTRATE with AHAs.

Apply 2.5ml using a brush and perform fanning motions on the face, neck and chest. Do not apply on mucous membranes or wounds.

Application time will range between 4 and 8 minutes at the cosmetologist's discretion. Remove with water.

Apply EAU VERT using wet cotton pads or spraying it directly on the skin.

3 CONCENTRATE

Next, apply three dropper measures of B-RETINOL and work on it performing a facial massage until fully absorbed.

4 FACIAL MASSAGE:

Perform a classic facial massage with Q10 RETINOL CREAM.

5 MASK

In a bowl, mix the entire contents of the ALOE VERA MASK sachet with one dose of the ACTIVE ALOE VERA activating lotion using a spatula. Apply over the entire face, leaving nostrils uncovered. Leave a thicker layer on the outer part of the face for easier removal. It solidifies 10 minutes after application.

Leave it work for 20 minutes and fully remove starting on the forehead and gently pulling downwards.

6 FINAL APPLICATION

Apply the Q10 RETINOL cream until product is absorbed

MAINTENANCE AT HOME

Once the treatment is finished, we say goodbye to the customer while explaining the importance of products to be used at home. We can recommend daily and weekly care:

DAILY CARE

-Cleansing + toning: AQUA MOUSSE

-Day: OXYGEN CREAM or HIDROELASTIN CREAM.

-Night: Q10 RETINOL CREAM. Optional: for a renovating effect, GLYCOGEL 15/10 before the cream.

-Specific care: Circulatory problem: CONTOUR CREAM

Activation and renovation: Q10 RETINOL EYE CONTOUR.

WEEKLY CARE

Once or twice per week, exfoliate skin with the VITAL LINE EXFOLIATING GEL OR RICE PEELING. Next, apply the MASK LINE ANTI-STRESS or REVITALIZER face mask.

AQUA MOUSSE
