MAP is a Training Program available to followers of Jesus Christ in South Florida Equipping Each to function in their calling wherever He has placed them.

8 Weeks Courses Start:

Wed Sep 1st, 2010

Sponsored By

International Christian Fellowship & Local Ministries

NEW TESTAMENT CHURCH LEADERSHIP

Wednesdays 7:00 – 7:50 PM Instructor: -*Peter Persaud*

This course is a study of the model of church leadership in the New Testament Church. It examines the pattern of church government established in the early church as well as the role and purpose of the Ministry Gifts within the church. A primary emphasis is to understand and embrace the package or vehicle through which the power and methods needed for church life and growth operated to establish the early church, and should be engaged today to fulfill the purposes of God.

Healing & Deliverance

Wednesdays 8:00 – 8:50PM Instructor: - *Becky Prasad*

This course examines the Lordship of Jesus Christ in our daily lives. What does bringing the King and His Kingdom to the domain of our thoughts, emotions, wills, spirits, and bodies look like? Why are so many Christians living in bondage and despair? This course will examine open doors in our lives that have given free reign and legal rights to demonic activities and bondages. We will discuss how to walk in the victory of the Cross and build upon a Biblical belief system. We will engage in closing open doors and inviting the Holy Spirit into every area of our lives. The goal of this module is to transition us into lives free of shame, defeat, powerlessness, fear, and bondage. This module will empower you to live as an over-comer and conqueror in Christ!

Registration Fee \$20 each

If you require a Scholarship to attend please let us know.

Location: Coral Springs Charter School

SE corner of University Dr. & Sample Road.
